## June Weddings

Hubbs-Wheeler

Homers Dean Hubbs of Old Orchard, formerly of Norway and Florian Charlene Wheeler of Phillips were united in marriage, June 28, at the home of the bride's parents in Phillips by the Rev. Frederick A. Wiggins of Boston, the double ring service being used.

The ceremony was performed at high noon on the lawn of Wheeler Hill Farm in an archway made from maidenhair ferns and wild roses, arranged under the overhanging maple tree branches.

Lohengrin's bridal chorus was played on the violin by Elsie M. Beaumont of the New England Conservatory at Boston while the bride party marched in procession to their places. Madeline Austin, daughter of Mr. and Mrs. Sumner Austin, dressed in deep pink tulle and silk, acted as ring bearer. The bride's maids were Mrs. Earl Higgins of Farmington, cousin of the bride and Mrs. Sumner Austin of Phillips. They were gowned in pale apple green chamoisee and georgette, trimmed with silver lace, hats to match and carried bouquets of sweet peas.

The maid of honor, Kathleen Noble of Phillips, a classmate, wore imported pink French voile over pink silk, a picture hat of pink chiffon and she carried pink roses. The bride was given in marriage by her father. She was gowned in ivory satin chamoisee with ivory georgette which fell in a short train. She wore a long tulle wedding veil with wreath of pink rose buds and carried white roses with lilies of the valley. The bridegroom was attended by Scott Brackett of Phillips.

A reception and luncheon followed the ceremony. Mrs. Ralph Trearntin, the bride's matrons and Elsie Beaumont served the refreshments. The bride cut the cake. Among the guests were Mr. and Mrs. Frank Luce, Mr. and Mrs. Harry Hill and Mrs. Neville Wheeler of Farmington.

Many wedding gifts were received which included old ivory, cut glass, linen, china, etc. The bride's gift from the bridegroom was a turquoise ring, and engraved gold setting; the bride's gift to the bridegroom was a pair of diamond earrings, a pair of diamond studs and a pair of diamond rings.

The couple left in the bridegroom's car for a honeymoon trip in the Oxbow region, Aroostook County.

The bride is the only child of Mr. and Mrs. Charles A. Wheeler. She was educated in Rockport and Phillips schools and for the past three years has been a student at the New England Conservatory of Music in Boston, where she is a member of the Phi Kappa Phi Honor Society.

The bridegroom is the son of Mrs. Inez Tubbs of Norway. He is a native of Farmington, N. H., but came to Norway with his parents at an early age. He is a graduate of the Norway High school, also a graduate of the Massachusetts College of Pharmacy, Boston and since graduation has had a position with Otis Clapp & Sons, wholesale druggists.

**Lamb-Flint**  
On Thursday, June 27, at 2 o'clock occurred the wedding of Edith E. Flint of Norway and Frank B. Lamb of Intervale, at the Methodist parsonage. The single ring service was used.

The bride, who was attended by Mrs. Nellie Lombard, was gowned in a dress of gray silk with trimmings of white chiffon over pink silk. Her traveling dress was of blue mohair trimmed with blue silk and hat to match.

A reception followed at Mrs. Lamb's former home at North Norway. There was music for dancing and refreshments of ice cream and cake were served. Cigars were also passed.

Mrs. Lamb is the daughter of Mr. and Mrs. Alvin Skillin of Raymond, but for several years past has made her home in Norway.

Mrs. Lamb is a prosperous farmer of Intervale and the son of Mr. and Mrs. Caleb Lamb of that place.

At a late hour the guests departed wishing them all happiness in their new home which is at Intervale.

## BASE BALL

Commercial Club 3, C. J. Making Room 1

An exhibition five inning ball game was played on the fair grounds Friday evening between the Commercial Club and the Making Room team. The Commercial Club won by a score of 3 to 1.

To appreciate the strong playing qualities of the making room team which held this star combination from eating them alive, we must consider the Commercial Club team. There was a star pitcher, ex-hall player town tax collector and politician; Hugh Bethell, three years experience in the Auburn Twilight League with the Cushman team and Camp Devens soldier; Odel Rich, ex-pitcher known from Maine to California as Bill Leitch's opponent, insurance agent and gas car demonstrator; Tim Gammon, a relic from the ancient "Radcliffe," as former first base star, now an everyday shoe cutter; Albert McCreedy, called "Bob," ex-back stop of the city called "Metropolitan" and collector at W. S. S. disburser; Bert Hosmer, probably a player years ago, now a "Sag-No-More" snow shoe maker; Paul Seavey, ex-N. H. S. base ball artist, all around sport and Norway city mail carrier; Elmer Beckard, another N. H. S. player, passing out a pretty snuff and scenery; in the H. B. Foster Co. clothing store; last but not least was Cecil Brown, otherwise "Squire Brown." Played some ball before passing through U. of M. Law school, but has since been in the military service.

The Commercial Club team was a diamond. His strong suit is arranging questions at the County building and preparing draftsmen for a soldier's life. So this is the bunch that Capt. Ed. Leever's innocents tried to buck.

The Commercial Club opened the fun promptly at 7:15 p. m. and nailed two runs quickly with Pike gone on strikes. Bethell safely bunted along the first base line, stole second and third then scored on a right field muff which started Ray on first. Gammon landed a pretty snuff on left, bringing Ed home. Tim saw an opening to gain an extra base on the throw in, but miscalculated his leg capacity and tumbled into a put out at second. Their third and last score came in the fifth when Seavey flinner ran the bases. The Commercial Club won by a score of 3 to 1.

## NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge  
Forest McDaniel of Woodstock was fined ten dollars and costs, which he paid, in the Norway Municipal Court, Friday morning. The case was the outcome of an investigation into the circumstances for the case of one horse in a pair dropping dead Thursday afternoon in front of the F. H. Plummer house on Pleasant street, South Paris. He pleaded not guilty to the charge of cruelty beating a horse, but evidence in court sustained the charges for conviction.

Errikki Pulkkinen of West Paris was found guilty in court Saturday of operating an automobile while intoxicated. Twenty-five dollars was paid, but the attorney general has given notice that a second offense in similar cases will be a prison sentence.

**Norway Man Fatally Injured**  
Albert C. Fogg, aged 28, lately of Auburn but formerly of Norway who had been working about two months for the Texas Steamship Co. at Bath, was hit by a big piece of steel Saturday afternoon receiving injuries from which he died in the Bath City Hospital four hours later. The piece of steel was being hoisted, slipped and fell, striking him just above the abdomen, causing internal injuries.

The deceased was the son of George O. and Eva L. (Noyes) Fogg of Norway, and was born in Norway March 15, 1890. He was educated in the Norway schools and made shoes in the B. F. Spinney & Co. factory, was employed in the Ranger bakery and later drove the Canadian Express Co. team. He worked for short time in the Sears, Roebuck & Co. factory at Springfield, then went to Auburn where he was employed at the Cushman & Thorne Bakery until securing work in the Texas shipyards.

Besides his parents he leaves one daughter, five years of age, who lives with her grandparents and three brothers, Lewis W. Percy Y. and Linwood E., who are all in the United States service.

The remains were brought to Norway Sunday morning where the funeral was held at the home of his parents on Sumner street Tuesday afternoon at 2 o'clock, Rev. C. G. Miller officiating. Burial was in Pine Grove Cemetery. The pall bearers were Charles H. Pike, Homer R. Luck, Ralph W. Richardson and W. Mayford Mann. There was a large procession of flowers.

**Canadian Express Co. Changes Hands**  
The Canadian Express Co. in the United States will hereafter be known as the American Railway Express Co. This change occurred Sunday at 12 m. when the U. S. Government formally took over the business until the end of the war. In Canada the company remains as before.

So far as Norway is concerned no changes will be made in the office. Alton Curtis, the agent, and his assistant, Bertha Sessions, will remain. Traffic routes advanced ten per cent. and billing routes changed to meet the new conditions. It is known as yet whether or not Norway will be a salary or commission office.

**Prosperous Farmer**  
Albert P. Farham, whose premises border on the North Pond, is one of the best farmers in Norway. He makes farming pay. Mr. Farham has lived there many years and whether the season is wet or dry, the end of the year has shown a satisfactory profit. From some eight cows he sells milk yearly to the amount of ten or twelve hundred dollars. In the summer time he does not feed grain to his stock. He has from forty to fifty hens which he manages to keep laying all through the winter. He makes a profit of \$200 on his poultry. Swine is also kept, for which a fine balance on the right side is made. It must not be supposed that all of the credit should go to him. His wife is one of the most prudent and saving of housekeepers. She is as good a manager as he is.

Many young farmers and their wives might take a course of instruction from them, which would be worth more than a year at an Agricultural College. Mr. Farham was a soldier in the Civil War, serving over two years in the 19th Maine.

**Congregational Church Notes**  
Rev. M. O. Baltzer's subject at the Sunday morning service will be "The American Ideal," a continuation of the subject, "The Supreme Test," of last Sunday. Holy Communion will follow the sermon.

The usual Sunday evening meeting will be omitted this week. The pastor and congregation will share this helpful service with the Congregational society at Norway Center. Many from the village will attend. Because of the Fourth no social service will be held Thursday evening.

Rev. and Mrs. M. O. Baltzer and guest, Dorothy Baker, are to occupy the Klon L. Brown, St. George's Lake, Ponce de Leon during the early part of next week. Mr. Baltzer will take that opportunity to call upon his parishioners at and near the Center.

The Tea Room Committee met Wednesday afternoon with Mrs. Percy H. Noyes to perfect plans for the Congregational church July sale.

**Baptist Church Notes.**  
There will be no preaching service during the month of July, while the pastor is away on his vacation. Sunday school and C. E. will meet as usual.

The Helping Hand Society will meet Wednesday afternoon with Mrs. Archie Gunner.

The Busy Bees with their teacher, Mrs. Elmer Aldrich, will enjoy a class outing July 4th at West Paris.

## SOUTH PARIS

Harlow-Campbell  
Earl Garfield Harlow of Worcester, Mass., and Ethel Mae Campbell of South Paris were married Saturday evening, June 29, at the residence of the officiating clergyman, Rev. Chester G. Miller. The bride wore a traveling suit of blue serge, with a white picture hat.

The bridegroom was formerly a resident of South Paris, but has for some time been employed as machinist with a Worcester factory. The bride is the daughter of Mr. and Mrs. Cyrus P. Campbell. She attended the South Paris schools and has for a number of years been in the employ of the Mason Manufacturing Co.

They will remain in South Paris about two weeks, then go to Worcester where they will reside.

The latest returns from the June Primaries for Oxford County gave W. H. Jenne 350 and Harvey E. Powers 349 votes. Both are from South Paris and republicans, in the contest for the nomination of Register of Deeds, Eastern District. The result has been in doubt and now practically decided.

Mr. and Mrs. N. S. Burnet and daughters, Annie V. Burnet and Mrs. Margery V. Doten, visited Private Roscoe H. Butler at Camp Devens, Mass., where he is in training. At present Private Butler is in quarantine. He is the son of Mrs. N. S. Burnet by a former marriage and brother of Mrs. Carroll L. Doten of South Paris. They made the trip by auto. Frank Starbird carried the party going by way of Portsmouth, N. H. Mr. and Mrs. A. Whitman have returned home after visiting Mrs. Whitman's brother Alfred Bryant and family and other friends in Portland on their way to her son's, Herbert L. Whitman's, at Buzzard's Bay, Mass. The Independent Congregational Society of Portland (Unitarian) held its centennial commemoration on Sunday and Monday, June 23 and 24. At the patriotic service on Monday evening, which closed the observance, a handsome bronze tablet to the memory of the late Rev. Geo. H. McKean and his wife, Mrs. Mary Hamlin and dedicated by the pastor, Rev. Alva R. Scott.

M. M. Mason, Mr. and Mrs. Alden R. Mason and two sons, Floyd and Leland, from Gilead, were guests at Mrs. L. E. Bean's Sunday.

Members of the "rook party" will eat a picnic dinner at Shagg Pond, July 4th on the suggestion and invitation of Mrs. Alton C. Wheeler, Mrs. H. A. Morton and Mrs. Arthur E. Forbes, who are going to be at their several camps there at that time.

Edith Nevers and Louise Powers are at the Poland Spring House, where they are employed as waitresses during the summer.

Mrs. E. A. Harlow and grandson, Floyd Harlow, and Mr. and Mrs. Ernest Harlow and daughter of Worcester, Mass., are the guests of relatives here.

At the meeting of the stockholders of the Citizens' Telephone Co. at the assessors' office Saturday afternoon, President Geo. H. McKean and Clerk and Treasurer C. W. Bowker resigned their offices. W. C. Thayer was elected president and A. C. Wheeler, clerk and treasurer for the balance of the year. F. H. Corbett and J. H. Beckwith were elected directors. As it has been necessary to put the central operator on a fixed salary it was voted to change from a switch fee system to a fixed charge of 50 cents per month for each telephone.

Richard Rogers, all round printer in the Oxford Democrat office, celebrated his birthday on June 25 with an impromptu spread to his fellow printers and sister printers. "Dick" acted as master of ceremonies from a box camouflaged into a throne and served ice cream, cake and chocolates to the assembled multitude. Mrs. Gertrude McKean, a compositor, made a real cream pie for the occasion and all did justice to this rare delicacy. Dick's age was not worked out in candy letters on the cake, therefore only a circumstantial evidence shows him to be over the draft limit.

Sumner M. Davis, principal of the junior high school at Mexico, has been chosen captain and assistant manager of the Rumford town base ball team. As he has an application filed for enlistment in aviation he may be unable to accept the Rumford offer.

Mr. and Mrs. Henry F. Muzzy, Annie Muzzy, Elizabeth Muzzy and Don Brooks are spending the week at the Holmes camp at Shagg Pond. Walter P. Proxmire carried them out Saturday night and stayed over Sunday and will go up the Fourth.

Walter L. Gray gave a brief address and The Star Spangled Banner and "Keep the Home Fires Burning" were sung with accompaniment on the autoharp by Mrs. Agnes L. Morton. The American flag was donated by L. L. Mason and the service flag by the employees. The latter contains fourteen blue stars and one gold star. ## Judge For Yourself

Which is Better—Try an Experiment  
or Profit by a Norway  
Citizen's Experience.

Something new is an experiment.  
Must be proved to be as represented.  
The statement of a manufacturer is  
not convincing proof of merit.

But the endorsement of friends is.  
Now supposing you had a bad back,  
A lame, weak, or aching one,  
Would you experiment on it?

You will read of many so-called cures.  
Endorsed by strangers from faraway  
places.

It is different when the endorsement  
comes from home.

Easy to prove local testimony.  
Read this Norway case:

E. C. Libby, Sanborn St., says: "I  
had backache a great deal and it annoyed  
me to do anything. My head ached fre-  
quently, too. I also noticed little specks  
before my eyes and my sight blurred. I  
used various medicines, but it was left  
for Doan's Kidney Pills to give me last-  
ing results. Since using them, I have  
had no return of the complaint and I  
have great confidence in Doan's."

Price 60c, at all dealers. Don't simply  
ask for a kidney remedy—get Doan's  
Kidney Pills—the same that Mr. Libby  
had. Foster-Milburn Co., Mfrs., Buf-  
falo, N. Y. 27-28.

## WATER POWERS IN MAINE

The total capital, including stock and bonds, of all public utility corporations doing an electrical business and reporting to the Public Utilities Commission of the State of Maine is \$62,112,829.00.

This includes all electric railroads in the State, which do not develop their power but purchase the power from electric development companies. The capital stock and bonded indebtedness of these railroads is about \$7,000,000. There is also included in the total amount reported to the Utilities Commission, electric companies operated by steam power and certain gas plants owned by companies using electricity. The amount reported also includes the capital stock and bonds aggregating \$4,350,000 of two electric companies selling electric current in Maine, but whose power development is located outside the limits of the State, one in New Hampshire and one in the Province of New Brunswick. Finally, in the amount reported is all the capital stock and bonds of those public service corporations which buy their power from electric development companies, but which do not develop their own power. The aggregate capital of these last mentioned corporations equals several millions of dollars.

In an article published by a newspaper urging State ownership of water powers, appears the following statement:

"It is believed that upwards of forty million dollars of watered stock is now floating down the stream of time in Maine's hydraulic speculations."

When the total capital stock and bonds of the electric railroads, the steam and gas plants and others mentioned is deducted from the \$62,000,000 reported to the Public Utilities Commission, there remains but little in excess of \$40,000,000 to represent the capital stock and bonds of all the water power development companies in the entire State.

Can a more absurd statement be made concerning the capitalization of the Water Power Companies than that quoted in the parallel column? It implies that the construction of dams, the acquisition of flowage rights, the transmission lines and the distributing systems of all the leading and many of the smaller hydro electric development companies in the State has cost NO REAL MONEY.

Again we are constrained to ask, why do the advocates of State ownership deem it necessary to exaggerate to the point of absurdity?

## NORWAY AND VICINITY.

### HARKEN BACK ON THE PAST

Twenty-four Years Ago This Week  
V. W. Hills has sent away to get prices on town clocks. Mr. Hills has generously offered to get the clock to put on the new Norway Hall block at cost.

Some of the shade trees that were badly burned are having quite a large growth of leaves on them. Whether they will live or not another year will prove. Most of them being so badly burned there was no hope of their recovering, have been cut down.

S. S. Smith sold twenty-five bushels of strawberries in Norway village, Sunday.

Horace Cole requests the individual who took the kerosene barrel from his back door to return the same or bring him \$1.50. \* \* \* We wonder if the barrel was ever returned or if he got the \$1.50.

The tower for the clock as now planned on the Norway Hall Building will be 90 feet high from the sidewalk.

"Pennessowasse-spring" is about the busiest place in Norway these warm days. Hundreds of people go there every day and drink of the fine cool water. They carry it to their homes in large quantities and still the spring is full to overflowing.

In the Saco races L. P. Swett won the first prize in the mile open \$33 diamond, and C. B. Pike, fourth, \$5 cuff buttons. In the mile handicap, L. P. Swett, scratch, first \$28 diamond pin. The Press says: "L. P. Swett of Norway was evidently the fastest man, though he did not ride in all the races he was entered, on account of an unfortunate accident to his wheel. Seven men started in the mile handicap, which was a pretty contest. Swett won the race in spite of obstacles. He was a scratch man, and then the top bar of the frame of his light wheel (15 3/4 pounds) broke short off in the last quarter. He swayed a little when the accident happened, but still maintained a good lead. The ease with which he overtook and passed all competitors was the feature of this race."

The man who loves liberty best and would do his utmost for it is the one who is most willing to have the government tell him what he shall eat, how long his coat shall be and how many pockets he may have upon it.

**Mothers Only Knew**  
how often children suffer from worms, they would take care and guard against this common ailment of childhood.

Signs of worms are: Dizziness, stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face, leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum.

Over 60 years ago Dr. True discovered the formula of the Family Laxative and Worm Expeller. Since then people have been writing us letters like this: "My little granddaughter had pinworms and stomach disorders for both young and old. At dealers' 40c, 60c Dr. J. F. True & Co. and \$1.00. **WHY THERE'S A TEACHER SHORTAGE**

The Institute for Public Service, N. Y., has issued a frank statement written by a city superintendent who reasons logically from facts well known to the average teacher. Laymen might profit from this "confession," therefore we give it in full:

"As a result of long experience, I can give you some reasons why people won't teach school.

"In the first place, it is a profession requiring long, careful, and excellent preparation. We embark in it for life. We are enthusiastic, but sooner or later, we lose our illusions and seek other work. To us, it is a profession, but to the people, it is only a job, and anybody can teach school.

"We have absolutely no tenure of office. We are wandering intellectual hoboes, dismissed at the will or insinuation of any blacksmith, carpenter or shoemaker.

"The final word in all the problems of education is settled not by men of education, but by laymen, in most cases without education, the multitude of whom have never completed the equivalent of a seventh grade. Yet these men under our system, pronounce solemn judgement, and their word is law, upon the most important problem of human life, the education of the rising generation.

"We find ourselves worn out in body and in mind, with nothing ahead of us except pennylessness and old age. Only in large cities is there any alleviation of this condition.

"Why should people of education and culture engage in such a profession? More and more inefficient, incompetent, and helpless persons will take up teaching especially in the present and future time.

"Except in the small communities, we are social inferiors. We have to eat cheap food, wear cheap clothes, and our wives have to work like slaves that we may make ends meet, and if possible, save a few thousand dollars to buy us a bit of land that we may not starve.

"I have no particular quarrel with my present salary, but it is still true, that after a life's time in my profession, and with ten or more years of time and money spent in preparation, I shall be very lucky to have enough to buy me a little bit of land upon which to spend the rest of my life at manual labor and in deprivation. What little I have been attained only by the most strenuous efforts upon the part of myself and my wife."

**SUMNER**  
C. H. Bonney has a new auto.

Mrs. Harold Millett and two children of Ridonville are visiting her parents, Harry Tibbetts and wife.

Mrs. James Haynes of South Paris visited her sister, Mrs. Charlie Bonney, one day last week.

S. W. York has gone to Hartford to work for Moses Young in haying.

Edwin Bonney and family one day recently visited at W. E. Bowker's.

Roy Martin and family and Eldren Martin of Bridgton were at H. A. Sturtevant's Sunday.

Are you saving now for the Fourth Liberty Loan? Nothing would please the Kaiser more than to know that you feel and act on the feeling that the war's nearly over and the Government won't need your few dollars. The war is nearly over—nearly over *here!* and a few dollars willingly given now will do the work of hundreds and of thousands later on, when your money may be needed! Have you ever stood on the street corner of a big city, where the streets cars run swiftly and stop only long enough to pick up the passengers at the very step? You may have seen some one running for a car, and because the car is not moving, he slackens his speed, just before he gets to it, saying to himself, "I'm almost there. I can catch it all right." But the car starts, picks up speed so rapidly that, though the self-fool would be passenger sprints his best, he loses his car. He had plenty of time to catch it, had he kept on, but he "kidded himself" and lost out. Remember that and in this great war, don't slacken, don't weaken, don't let up for an instant, fill it's won. Then take your rest, knowing that you now have leisure to enjoy it.

**JUST A FAMILY RESEMBLANCE**

A youth parted his hair in the centre and his old man got "hot." "Young man," he said, looking the youth over, "you look like a fool."  
"Let a friend of the family visited." "It's startling," he said, "how much you resemble your father."  
"So he's just been telling me," answered the youth.

As long as your neighbors keep chickens it'll always be a "war" garden won't it?

## W. S. Merrill

Walter Samuel Merrill suffered a shock early Friday morning at the home of George Hill, South Waterford, where he had been for the past five weeks, helping Mr. Hill with the care of his fine herd of Jersey. Mrs. Merrill was immediately sent for but he was unconscious when she arrived and remained so to the end which came early Saturday morning.

He was born in Norway Aug. 8, 1844, the second son of James L. and Catherine (French) Merrill. His father was busy in the battle of Spotsylvania in the Civil War. His oldest brother, Lyman, lost his leg and received other wounds in the same war, of which he soon died. The mother being left with several small children, Samuel went to live with his aunt, Betsey Case and received his education. He was always a farmer and in his younger days conducted many a class in singing school. He spent most of his life in Norway.

In 1867 he married Hattie H. Johnson, youngest daughter of the late Ira and Mary (Towne) Johnson and to them two children were born. Irving, who is engineer at Paris Mfg. Co., and Mary A., wife of Hollis B. Doughty of West Paris. Besides the wife and children and five grandchildren, he leaves 3 brothers, Clarence Rufus, Ernest A., Nathaniel Ford all of Manchester, N. H. and a sister Mrs. Maria Ward of South Waterford.

The funeral services were held Monday forenoon at his home on Alpine street, South Paris, Rev. C. G. Miller officiating. Interment in the family lot at Northwest Norway.

## Veranda Club Gala Night

The Veranda Club with their invited guests were highly entertained at the pleasant home of Mr. and Mrs. Frank Lovejoy, 8 Fern street, Norway, Thursday evening, June 27th.

At 8:30 p. m. the living and dining rooms were well filled with gay and buxom ladies. Red Cross work was in order and not one moment did the genial hostess allow a slack or lull during the evening, but rather kept the club and guests entertained with beautiful selections upon the player-piano, which were greatly appreciated. Then again selections were given upon the Victrola by Mrs. Mary Lovejoy and occasionally a Victrola and piano duet by Mrs. Addie and Mary Lovejoy. Many of the late popular war songs were sung by the chorus. Piano solos by Mrs. Nellie Dwinall. The meeting was conducted by the president, Eva L. Fogg which was a pleasant affair and worthy of note. Club voted to contribute and do special work among themselves for the benefit of the Red Cross.

The recent guests at Mr. and Mrs. Lewis I. Gilbert's were Mr. and Mrs. Harry A. Packard of South Portland and Mrs. Hattie (Packard) Wiley and Helen Wiley of Somerville, Mass.

Howard C. Smith arrived home Tuesday night to remain over Independence Day with his family. He has a good paying position in the shipyards at Bath and likes the work.

We need traffic rules that will regulate the operation of automobiles on Main street. The serious accident which barely averted recently as a person with a child stepped from the electric cars in front of an auto passing on the same side. It is true our courts are open to the injured party to get damages, but something should be done to prevent injury and safeguard passenger traffic. A careful chauffeur will help matters wonderfully.

T. A. Johnson has sold his farm at East Oxford to W. A. Dean and moved to the G. O. Chase place, Gerry street, Oxford Park. He has a refusal of the property and plans to remain. Alfonso Allen located a vein of water near the house and Guy Walker bored in several places before striking through a rock and about twenty feet underground. A fine vein was opened at 15 feet and a pump set.

Guy Walker has lumber on the spot for a bungalow 20 x 32 feet to be erected on his lot in Oxford Park. The present house will form a part of the new building as the roof is to be removed and the walls converted into three sides of the building to be put up.

The concrete foundation for the dynamo house adjoining the Oxford Electric Co. power plant at the falls has been completed. Albert Desouteau will start the brick work after he completes C. B. Cummings & Sons Co's job at Bemis.

Arthur Desouteau is utility man at the station and when his father arrives will assist with his mason work during the summer.

Snap shot photograph showing several Norway boys who went to Camp Deven, June 26, have been on exhibition in Stone's window. The individual photos were snapped at South Paris station before the Oxford County Guard detached.

Rev. H. L. Nichols addressing the congregation from an auto and several pictures taken at random in the crowd are also included. Those who appeared before the camera were Arthur Morris, Lewis W. Fogg, Philip V. Haskell, Arthur L. Gammon, Shirley H. Milliken, Charlie A. Mixer and Francis X. Frechette.

Maud Ellen Pike, head of the musical department at Brevard Institute, Brevard, N. C., arrived Saturday to remain with her parents, Mr. and Mrs. A. L. Pike, until the last of August. She has been at the institute three years and re-engaged for another year. She made the trip home by rail owing to the submarine menace. On former occasions the long journey has been by boat to Boston.

## IS IT YOU?

There is a man in this town who always acts as a brake on the wheels of progress. Every project that is broached for the betterment of community conditions, elicits from him no more than a grunt of dissent, if not active opposition. He regards every man as a rival until proven honest. He can see no sincerity in the most unselfish actions, and can detect cupidity at the bottom of the greatest sacrifices. He is a community woe.

There is also in this town a man the opposite of this one. He has a keen eye for any chance to forward the interests of his community. Every proposition for community betterment, provided it has merit and feasibility, not only has his approval, but he at once puts it to his cost and becomes one of its most active routers. It takes a heavy jolt to convince him of the insincerity of his neighbors, and even then he has more pity than blame for them. He is as grateful as a ray of sun on a raw day, and his confidence as the spring sunshine after a dreary winter. Is it you?

## SLOGANS

In war time every unnecessary purchase is an unwise one.

Save to the utmost of your ability and buy War Savings Stamps so that the German thing may be kept out of America.

Every time a German submarine sinks a ship, so much product of labor and materials is wasted. Every time you buy anything not needed, so much product of labor and materials is wasted.

The less the American people save, the less money, labor and materials there will be for war purposes.

Both you and the Government can not use the same labor and materials.

Help fight the war. Pay your way with War Savings Stamps if you cannot go to the front.

Thoughtless spending is one of Germany's silent allies.

Word has been received that Private Melroy Cummings of Rumford has been severely wounded in action. Private Cummings is the son of Mrs. Lena Cummings of 530 Lincolnton street, Rumford, and he enlisted in one of the Massachusetts regiments, being located at Springfield, Mass., at the outbreak of the war.

The letter W takes a prominent place in our alphabet. Without it we could neither wage the war nor win the war, nor should we have wool nor wheat nor Wilson.

Inferior, low-grade gasoline costs most in the long run. You count the cost in low mileage, weak power and excess carbon deposits.

SO-CO-NY is the Quality gasoline. It reduces the operating cost of your car by delivering more miles per gallon. It saves.

And in saving you are "doing your bit" these days. You are actually fighting back of the lines.
